

### EVALUATION ON STUDENT PROGRESS

Provide a self-evaluation of your performance, using the measures previously identified, in applying and acquiring new knowledge, skills, and competencies identified in the Training Plan for STEM OPT Students. Discuss accomplishments, successful projects, overall contributions, etc., during this review period. Address whether there are any modifications to the objectives and goals for projects, or new areas for skill and competency development.

Range of Evaluation Dates: From (mm-dd-yyyy): 10/01/2020 To (mm-dd-yyyy): 07/19/2021

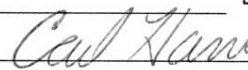

As a Professional Programmer Analyst, I am utilizing the knowledge gained in my computer science master's program to build software solutions for the Claims Engine of the Nevada Medicaid software system. I am learning to implement agile software development life cycle methodology and improving my ability to write clean and reusable code. By working on the projects, I am learning to build scalable and resilient software architecture. In addition, the senior team members dedicated time to mentoring is helping me become an effective software engineer and improving my soft skills.
